1. **Status:** Receipt is acknowledged of papers submitted December 15, 2004 under amendments, which have been placed of record in the file. The claims 1-26 are pending.

Allowable Subject Matter

2. Claims 1-8 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The claims 1-8 were allowed in the office action mailed on 06/15/2004. Claims 9-26 were rejected, however the communication received on December 15, 2004 under amendments applicant has cancelled claims 9-26, which puts application in condition for allowance.

The cited references on 892's fail to anticipate or render obviousness individually and in combinations following:

a charge characteristic compensating circuit for a liquid crystal display panel including a plurality of liquid crystal cells arranged at each intersection between data lines and gate lines to control a light transmissivity in response to data signals from the data lines, and a plurality of switching devices for switching the data signals to be applied from the data lines to the liquid crystal cells in response to signals on the gate lines, the circuit comprising; a voltage supply for generating a gate voltage required for the gate lines; a gate line driver for applying the gate voltage from the voltage supply to the gate lines to drive the gate lines and a current controller for responding to a change in the ambient temperature to change an amount of current of the gate voltage to be applied from the
